

Americain Psyco - 1/2

Interpréte par Treble Charger.

American Psycho"

What's the problem with the human race
With someone like you
No matter where I turn
I can't escape your double face
Don't want to listen to the radio
Cause they don't know
Or stick around just to hear I told you so
How could we make it without you
I should have known better to doubt you
I thought I'd heard the end of it

And now I know how far you'd go
To be the next freak show
American psycho
Cover of the magazines
Patron Saint to troubled teens
Wish I never heard your name

Tomorrow could be just another day
Means nothing to you
A misdemeanor or a felony, that's ok
Don't want to wait for a second chance
So take a stance
It's your turn for the spotlight, the big dance
How could we make it without you
I should have known better to doubt you
I thought I'd heard the end of it

And now I know how far you'd go
To be the next freak show
American psycho
Cover of the magazines
Patron Saint to troubled teens
Wish I never heard your name

They all want to know
What I already know

What am I supposed to do
When you know that it's all true
That you stole, that you lied
That you knew

Primadonna self absorbed
Wide awake and never bored

Americain Psyco - 2/2

Party binge and purge, And see
results of plastic surgery
Spotted at the hottest shows
Interview on Charlie Rose
They all want a piece of you

And now I know how far you'd go
To be the next freak show
American psycho
Cover of the magazines
Patron Saint to troubled teens
Wish I never heard your name

They all want to know
How far you had to go
and I already know
How far you had to go!
