you turn the screws
you tear down the bridge
flimsy as it is, it's business like
you shake my hand
you break up the band
flimsy as it is, it's open-mic punk rock
red white and blue

you twist the knife then go home to kiss your wife a bigger better slice is what you'd like you kick the sand, you get the upper hand you sell it to japan it's natural punk rock red white and blue

you turn the screws
it's what you choose to do
you think that i
must turn them too
you think that i must be so satisfied
i stay inside
i wonder why

and the cement-mixer gets it all ready one good turn at a time they're pouring it slowly and steady you're showing me where i can sign what i can expect to find but how can you say you'll be happy when you turn the screws
