

## Blond as gold - 1/1

**Interprété par Stirrers.**

Blond as gold...I wish you were this angel to carry home  
Green in your eyes ...I wish you let me join the world in  
your eyes  
Babe I only wanna be fine and you....

Chorus: you fly like a bird  
and burn like the sun  
bright like the moon  
You're.... my star
