

I wish you would - 1/1

Interprété par Train.

Sleepless nights and endless days
And all I do is promise to change my ways
Leave the lights on, you know I'll pretend you're on your way
You used to say that there's a time we all deserve to lose our minds
So I lost my mind now I'm ready to find my way

Back home
Today
To stay
The way you wished I would
And I swear
To stay
The way you wished I would

I don't know if I'm gonna have to redesign my mind
But tonight I made a wish and I sure hope that it comes true
Cause it's been too long without you
It's been too long

Come home
Today
To stay
The way you wished I would
And I swear
To stay
The way I wish you would

And even if I left it all behind
There'd be reason to come back
And even though I left you far behind
I always thought that you'd come here to find me
Come find me

I don't know if I can wait this long
To be what I used to be
And I don't think I can wait much longer
For the tide to come back to me
Come back to me

Back home
Today
To stay
The way I wish you would
And I swear
To stay
The way I wish you would
The way I wish you would
