

## Plug in baby - 1/1

**Interprété par Muse.**

I've exposed your lies, baby  
The underneath is big surprise  
Now it's time for changing  
And cleansing everything  
To forget your love

My plug in baby  
Crucifies my enemies  
When I'm tired of giving  
My plug in baby  
In unbroken virgin realities  
Is tired of living

Don't confuse  
Baby you're gonna loose  
Your own game  
Change me  
Replace the envying  
To forget your love

My plug in baby  
Crucifies my enemies  
When I'm tired of giving  
My plug in baby  
In unbroken virgin realities  
I'm tired of living

And I see your loving  
But mine is gone  
And I've been in trouble
