

Drive you home - 1/1

Interprété par Garbage.

It's funny how
Even now
You still support me after all the things that I've done
You're so good to me
Wait impatiently
And isn't it sad that you still have to ask if I care

I never said I was perfect
But I can take you away
Walk on shells tonight
Can't do wrong tonight
And you can't say the word cause I need to know
I never said I was perfect
But I can drive you home

I got down on myself
Working too hard
Driving myself to death
Trying to beat up the faults in my head
What a mess I've made
Sure we all make mistakes
But they see me so large
That they think I'm immune to the pain

Walk on shells tonight
Can't do wrong tonight
And you can't say the word cause I need to know
I'm praying for a miracle
But I won't hold my breath

I never said I was perfect
But can you take me home
