

Didn't we love - 1/1

Interprété par Coyote ugly.

Quarter moon, always makes me think of you
Are you thinkin' of me too? When you see it shine
It's kind of sad; But I'm smiling, Imagine that
Cause we're lucky to have had what we had - even for a
time

Didn't we set the nights on fire
Did ever a flame burn any higher
Wasn't it so sweet? Wasn't it?
Didn't we love

It's okay, sometimes I just get this way
I can't forget you anyway, I wouldn't even try
I'd rather fall than never to have flown at all
It was heaven after all, if only for a time

Didn't we set the nights on fire
Did ever a flame burn any higher
Wasn't it so sweet? Wasn't it?
Didn't we love

Didn't we have it all back then
Will I feel that way again

Didn't we set the nights on fire
Did ever a flame burn any higher
Wasn't it so sweet? Wasn't it?
Didn't we love

Isn't it bittersweet, isn't it?
Didn't we love
