

All because of you - 1/1

Interprété par Cher.

Sometimes

A heart has a mind of it's own, sometimes
I can tell myself that
I'm better of being alone, sometimes
But this time I can't hide from the thought of it
It's around every corner I turn

Right there in lights in black and white
Staring at me

Chorus:

It's all because of you that I feel this way
All because of you that my heart wants to break
If every other love can be forgotten
It's all because of you, all because of you

Tonight

I can't feel any magic inside, tonight
'Cause I can't reach out for the stars
Lookin' up at the moon on my own

No signs of life, no nothings right
Since you've been gone

(chorus)

All because of you I can't sleep at night
Oh no, I can't sleep at night
And there ain't no rest from this empty nest
Without your love
You don't know what it's like

To feel this way
All because of you that my heart wants to break
If every other love can be forgotten
It's all because

It's all because of you that I feel this way
All because of you that my heart wants to break
All because of you, all because of you
It's all because of you that I feel this way
All because of you that my heart wants to break
All because of you, all because of you
