

Still in love with you - 1/1

Interprété par Cher.

Visions haunt my memory
They hold on, hold on desperately
You and I were over long ago
Don't know why my heart was last to know
Each time I find somebody new

Still in love with you
I know I been lying to myself
Baby, it's you
And you know I'll deny it
But know that it's true
Still in love with you

Wake up, cryin' in the night
These feelings I'm feeling prove you right
You told me no one else could take your place
No matter how I try I can't replace
One thing you said, I know it's true

Chorus:

Still in love with you
I know I've been lying to myself
Baby, it's you
I don't want to believe it
But what can I do?
Still in love with you

You and I were over long ago
Don't know why my heart was last to know
Still in love

(chorus)

I know I've been lying, lying all along
Baby, it's you
And the more I deny it
The more that it's true
Still in love with you

(chorus)
