

# I'm blowin' away - 1/1

**Interprété par Cher.**

I've been romanced and I've been danced  
Crazy nights and hard times  
Life has lost its mystery  
And love is blind and can not find me

Chorus:

'Cause I'm blowin' away  
And shadows  
Take my love and leave  
I'm blowin' away  
And shadows keep taking  
My love and leaving me

I have past aside my foolish pride  
Goin' down for the very last time  
'Cause I have searched this earth  
And sailed these seas  
But love is blind can not find me

(chorus)
