

Intimidated - 1/1

Interprété par Britney Spears.

(spoken)

Oo, I see you over there

Don't be shy

Come here, um!

You got that thing that I can't deny

So move it over here, oh yeah!

You're giving signs that I recognize, no, don't give up to that

Baby, there's something about you

Show me, that nothing can hold you down

Cause I, I must confess

I'm feeling you right now

CHORUS

B-R-I-T-N-E-Y

B-R-I-T-N-E-Y

It doesn't matter, girl

As long as you're picking me

So much we can be, oo

Yes, it's true

But first you gotta make the move

For me to see what I want with you

CHORUS 2X
