

Intimidated - 1/1

Interprété par Britney Spears.

(spoken)
Oo, I see you over there
Don't be shy
Come here, um!

You got that thing that I can't deny So move it over here, oh yeah! You're giving signs that I recognize, no, don't give up to that

Baby, there's something about you Show me, that nothing can hold you down Cause I, I must confess I'm feeling you right now

CHORUS

B-R-I-T-N-E-Y B-R-I-T-N-E-Y

It doesn't matter, girl
As long as you're picking me
So much we can be, oo
Yes, it's true
But first you gotta make the move
For me to see what I want with you

CHORUS 2X
