

## An Everlasting Love - 1/1

Interprété par Bee Gees.

I've been here all your life watching your crying game  
You were the heaven in my lonely world  
And he was your sun and your rain  
I was losing you before I ever held you tight  
Before you ever held me in your arms  
And I won't make you blue  
And maybe an everlasting love will do

Ah, we got an everlasting love  
So tall, so wide, so high above the rumble of thunder down below  
It's your love I need, it's the only show  
And it's you want an everlasting dream  
can take us anywhere are the tears of yesterday  
We killed the pain , we blew away the memories of the tears we cried  
And an everlasting love will never die

Take me out of the cold  
Give me what I've hungered for  
If it's the pleasure of taking my heart that you need  
Then it only makes me love you more  
I was yours before the stars were born and you were mine  
I could have saved you all the pain you knew  
And I won't make you cry  
And maybe an everlasting love can try

Ah, we got an everlasting love  
So tall , so wide, so high above the rumble of thunder down below  
It's your love I need, it's the only show  
And it's you want an everlasting dream  
can take us anywhere are the tears are yesterday  
We killed the pain , we blew away the memories of the tears we cried  
And an everlasting love will never die

(repeat last verse 2 more times and fade)
