Is just that ghetto ghetto  
Ghetto ghetto  
Is just that ghetto ghetto  
Ghetto ghetto  
We still ghetto ghetto  
Ghetto ghetto

I've been thinkin lately baby  
Maybe we should layin tonight  
I would ?? paper was crazy  
Music if is wrong I feel this right  
Maybe we can make sweet love  
Cause I know we feel so good  
And more of two we escape this pressure  
You know what? We should

Steal away, steal away  
Before a day, the mouth say  
Whishing the love, much more soon  
One wanna, share the moon  
And we make love, all that day  
Steal away

You know I really need you sugar  
I want you to make me away  
I can't wait to really bounce so  
We can be togheter there's no doubts  
That my love has no limits  
So I will wipe away your froud  
How come your sexy secrets  
Now I'll join you, for the rest of my life

Steal away, steal away  
Before a day, the mouth say  
Whishing the love, much more soon  
One wanna, share the moon  
And we make love, all that day  
Steal away

For sure mamma steal away  
Car keys to my mens Benz and Bil away  
Spillin say, whatever you man like it or not  
He aint diggin it right  
So I'mma be pipe in line  
Icey on hot mami hold on if you aint  
We put a flick on your hand  
I'll front your navel

## Steal away - 2/2

Whatever it comes able to make you happy  
Whatever's the back fo' dot six in the navy  
Blakes and the pillow fluffed up  
And we shine like we Puff Dad  
Blowin that dro till we fucked up  
Is longs up, I just dolos honey  
All his honey he wild like I stole his money  
Is gold his honey Is my gold this money  
He can have my wife, while me and you live a lavish life  
Which be see exactly tipe, tounges and brass  
I'm hoping to God to say no more

Steal away, steal away  
Before a day, the mouth say  
Whishing the love, much more soon  
One wanna, share the moon  
And we make love, all that day  
Steal away

Steal away, steal away  
Before a day, the mouth say  
Whishing the love, much more soon  
One wanna, share the moon  
And we make love, all that day  
Steal away

Is just that ghetto ghetto
