

# You're not from here - 1/1

Interprété par Lara Fabian.

I don't know what is going on  
You turn around and touch my heart  
A silent moment speaks the truth  
Something has happened all at once  
It should have scared me in advance  
But I was falling in those eyes of yours

And so

Fear was gone

I knew there was nothing else

I'd ever want

Chorus:

I know you

You're not from here

I've waited for you to appear

To take my breath away

And make me weep

You're not from here

Not from this here and now

Just a touch of yours

And I fly... and I fly... and I fly

I can't get used to missing you

If this is how it's gotta be

I need an angel to watch over me

No one can hold the hands of time

But I can hold you in my mind

Over and over like a melody

For now

I'll stand still

For now

I'll be filled by the memory of your skin

I know you

You're not from here

You don't belong to lies and tears

The greatness of your soul

Makes me weep

You're not from here

Not from this here and now

Just a touch of yours

And I fly... and I fly... and I fly

Chorus
