

Don't get me wrong - 1/2

Interprété par Westlife.

Don't get me wrong
I've played my part and it's over
I'm tired of being strong
By hiding that I'm not yeah

Don't get me wrong
You've played your part and I think you know
This love's for real
It's time to show just how I feel

Time after time
I refuse to see why
I can't go on without you by my side

Baby I just wanna get to know that if you care
you could be part of my life
Baby don't you know we could be doing this forever
and be doing alright
Yeah

Time after time
This moment's been on my mind
Now I've left it behind

Oh don't get me wrong
Yeah

Don't get me wrong
You bruised my heart and it's aching
It wouldn't take you long
To see that I'm in pain

Don't get me wrong
If you run off now
You should be mistaken
This love's for real
And baby this is how I feel yeah

Time after time
I've been tryin' to deny
I can't go on without you by my side

Baby I just wanna get to know that if you care
you could be part of my life
(Part of my life yeah)
Baby don't you know we could be doing this forever
and be doing alright

Don't get me wrong - 2/2

Yeah

Time after time
This moment's been on my mind
Now I've left it behind

Just don't get me wrong
Ooh ooh don't get me wrong

No no baby
Ooh yeah

Time after time
I've been tryin' to deny
I need the nearness of you to get by

(Don't get me wrong)
Baby I just wanna get to know that if you care
you could be part of my life
(Part of my life baby)
Baby don't you know we could be doing this forever
and be doing alright
Yeah

Time after time
This moment's been on my mind
Now I've left it behind
Don't get me wrong
Baby I just wanna get to know that if you care
you could be part of my life
(Part of my life) (Don't get me wrong)
Baby don't you know we could be doing this forever
and be doing alright
Time after time
This moment's been on my mind
Now I've left it behind

I've left it behind
Don't get me wrong
