"(I Am The) Summertime" by Bachelor Number One words and music by Scot Sax

Hello to your mother , your brother , significant other I am the summertime and I'm here to free your mind Kick off your shoes the blues and use anything but your mind 'cause this is the summertime and it's here to free your mind

How many other people can you save today don't you think it's high time that you sail away leave today, don't fall behind

Try something new, turn into you if only for a short time and feel your head recline kick off your shoes, the blues and use anything but your mind 'cause this is the summertime

How many other people can you save today don't you think it's high time that you sail away leave today don't fall behind

Hello to your mother, your brother, significant other I am the summertime and I'm here to free your mind.
