

Feel Your Love - 1/1

Interprété par Alanis Morissette.

Baby I've got this thing for you
I'm thinkin' there's something goin' on now
A wicked imagination
A serious kind of something new
It's drivin' me right out of my mind now
It's gotta be desperation
Can't feel no pain when I'm thinkin' about you
Dreamin' isn't black and white
Can't make no gain 'til my vision c-comes true
Give it to me like I'd like to give it to you

Chorus:

Love I wanna feel your love
Right from the bottom of your heart to your hands
(now baby now) Love I wanna feel your love
You know this waiting for you boy I can't stand

Bein' just who you wanna be and doin' whatever
comes to mind now
I gotta get information
Never knew what to do with you
You're givin' me somethin' to hold on to
My newest infatuation
"People Power" means I gotta believe you
Can't you hear the voices callin'
Keep your flowers 'cause their colour will turn blue
Give it to me like I'd like to give it to you

Repeat Chorus

Love I wanna feel your love
Right from the bottom of your heart to your hands
(now baby now) Love I wanna feel your love
You know this waiting for you boy I can't stand

Repeat Chorus
