

## Vibin' - 1/2

**Interprété par Boyz II Men.**

Huh, yeah ooh...

Just take a minute and catch the vibe  
Just take a minute and catch the vibe  
Just take a minute and catch the vibe  
Just take a minute and catch the vibe

Coolin' in the studio  
You know how the story goes  
Bobbing our heads to the tune we're about to do  
It's a laid back swing thang  
The groove we feel is strong  
We need peace here to get it on  
Having fun as we go, making sure the flavor shows

Cause we're feeling alright  
Taking our time to free our minds and have a ball, y'all  
Everything's fine, it ain't nothing to it cause  
We're gonna do it all, what are we doing?

1 - We're just vibin'  
Dancing the night away  
Groovin', vibin', non stop  
Until the break of day

In a dark room with a blue light  
In the basement, music just right  
Nothing going down but the mellow sounds  
And Mr. DJ's turntable's spinning 'round  
A mad sensation, a crew of women around sparks inspiration  
To set something off the right way to hear the people say

That we're feeling alright  
Taking our time to free our minds and have a ball y'all  
Everything's fine, it ain't nothing to it  
Cause we're gonna do it all, don't you know that

2 - We're just vibin'  
Dancing the night away  
Groovin', vibin', don't stop  
Until the break of day
