

All The Time In The World - 1/1

Interprété par Boyzone.

oh yeah

i know you're feeling kind a nervous cos we're finally all alone
i know you had someother lovers and they left you kind of cold

and so you built a fortress so my high 'n' hopeless takes a lotta time
to make walls crumble stone by stone i'll make 'em tumble for you

cause i've got all the time in the world
all my life for you girl now the timing is right baby we've got all night
so lay right here by my side take your dreams for a ride loves
like sand making pearls and i've got all the time in the world
all the time in the world oh yeah.

i know it's hard to let me love you when our trust is on the line
i know it takes a lot of courage when your faith is hard to find
but i've never tried to hurt you i fight heaven and earth to protect you
so take your time and feel me near you there's nothing to fear when i'm with you.

cause i've got all the time in the world all my life for you girl
now the timing is right baby we've got allnight
so lay right here by my side take your dreams for a ride
loves like sand making pearls and i've got all the time in the world
all the time in the world

cause i've got all the time in the world all my life for you girl
now the timing is right baby we've got allnight
so lay right here by my side take your dreams for a ride
loves like sand making pearls and i've got all the time in the world
all the time in the world
