

## Key To My Life - 1/1

**Interprété par Boyzone.**

you're the key to my life  
rain on the window covers the trace of all the tears  
that i've had to waste and now i'm missing you so and i won't let you go away

stain on the desktop where coffee cup lay  
and memories of you forever will stay  
and the scent of your perfume and the smile on your face will remain

and i never gave up hope when things got me down  
but i just bit on my lip and my face began to frown  
'cause that was just my pride and i've nothing left to hide  
and now the way is clear and all i want to say is

all of my life the doors have been closed now  
and all of my dreams have been locked up inside  
but you came along and captured my heart, girl you're the key to my life yeah

year after year was blaming myself for what I'd done just thought of myself  
i know that you'll understand that was all my own fault, don't go away

and i never gave up hope when things got me down  
but i just bit on my lip and my face began to frown  
'cause that was just my pride and i've nothing left to hide  
and now the way is clear and all i want to say is

all of my life the doors have been closed now  
and all of my dreams have been locked up inside  
but you came along and captured my heart, girl you're the key to my life

girl you know that i feel for you there ain't nothing that i wouldn't do  
stop the thunder and the pouring rain you're the one that's gonna stop the pain  
girl you know that i feel for you there ain't nothing that i wouldn't do  
stop the thunder and the pouring rain listen to me can't you hear what i say

all of my life the doors have been closed now  
and all of my dreams have been locked up inside  
but you came along and captured my heart, girl you're the key to my life yeah
