

# Looking For Jane - 1/1

**Interprété par Roxette.**

Where did she go? Where did she go from here?  
The last time I saw her she made all the clouds disappear  
She said, with a smile, yea, the weather's alright  
She left her coat at home that night

Where do I begin today?  
Where do colours never fade?  
In the sunshine, in the rain it's quite the same  
It's never gonna change I'll be looking for Jane

Why did she come? Why did she come to me?  
There must have been millions in the world she'd rather see  
At least in my mind as time has gone by  
it's always harder to laugh then to cry

Where do I begin today? (ba-ba-ba)  
Where the colours never fade (ba-ba-ba)  
In the sun and in the rain it's quite the same  
It's never gonna change I'll be looking for Jane
