

## Place your love - 1/1

## Interprété par Roxette.

Sunday Sick o' my tears. Monday morning I could've felt much better.

Tuesday You're in my way. I wish you would Type my heart a letter.

Place your love In my world. It's for you It's made for you

I need time A lot o' time to get you off my mind, to get you off my mind.

Wednesday Nuthin's OK. Thursday afternoon I wish I was sleepin'.

Friday And Saturday sun. Gettin' up early But I can't get nuthin' done.

Place your love In my world. It's for you It's made for you

I need time A lot o' time to get you off my mind, to get you off my mind.

Maybe you'll come here. Maybe you'll disappear

Maybe the clouds I fear will turn to flowers in the air.

These cool vibrations they're hitting me all the time

You've got me diggin' and divin' in the garden of my mind.

It's a high To watch you fly. Across the sky all the time. To watch you all the time.
