

Dance away - 1/1

Interprété par Roxette.

There's a hidden meaning in everything he says,
every close encounter, every kiss, every caress.
Even the truth has got the bitter taste of a lie.
Well I can read his lips but I can't read his mind.
I can see him dance away now oh oh - oh oh oh.
He was one of the kind that seems so hard to find.
There's a change of weather, now he leaves me far behind.
That I don't matter to him came as such a surprise.
Well I can read his lips, I thought I red his eyes.
And I can see him dance away now oh oh - oh oh oh ...
