

Goodbye to you - 1/1

Interprété par Roxette.

Goodbye to you, goodbye to broken hearts,
goodbye to romance, hiding in the dark, nights that leave a scar.
Goodbye to you, goodbye to empty cards,
goodbye to this ball of bliss, I'm dancing in your arms.
And I fill the bedroom with silent visions of rain.
And I paint the morning with echoes from pleasure in pain.
I don't want to touch emotions, I just got to run away.
Electric blue like oceans, wild like lovers sway.
And I see the pillow and shatter dreams down the hall.
And I hang the heartache like pictures on the wall.
Can you hear the sound of angels playing hurting games?
Well, I'm a stranger when I'm leaving, I was a stranger when I came.
