

In The Still Of The Night - 1/1

Interprété par Boyz II Men.

In the still of the night
I held you, held you tight
Oh I love, love you so
Promise I'll never, Let you go
In the still of the night
I remember, that night in may
Where the stars were right of above
I hope and I pray
To keep your precious love

So before the light
Hold me again
With all of your might
In the still of the night
