

There's Never A Forever Thing - 1/1

Interprété par A-Ha.

Dearest...

Close your eyes now

Don't you cry

It's all right

Lie back

Leave the lights on

It's all right, dear

I'll be here through the night

With you till the first signs of light

Say the word and I'll come tonight

It's all right now

Don't you cry now

Hush...

Wipe your tears away

There's never a forever thing

All through the night

I'll try so hard to be there somehow

With you till the first signs of light

Say the word and I'll come

Tonight

Darling, don't you

Cry.
