

## Fearing These Days - 1/1

Interprété par Texas.

You only see me when I laugh  
Never hear me when I cry  
I'm tired of fearing these days

I'm sitting here on my own  
Talking to myself alone  
And I'm tired of fearing these days

All I need was an explanation  
Why you treat me so mean  
You always play the part with no hesitation  
That's the other side I've seen

Please don't fail me  
Don't fail me  
Please don't let me fall

If all my nightmares come today  
Will you hide them far away

Cause I'm tired of fearing these days  
It'll wash away the past and pain  
Let me start from new again  
I'm tried of fearing these days

You always hit me when there is no reason  
To feel superior to me  
When all I want is a confrontation  
So I can find a release  
Please don't fail me  
Don't fail me  
Please don't let me fall
