

Put Your Arms Around Me - 1/2

Interprété par Texas.

Are you ready maybe
Are you willing to run
Are you ready to let yourself drown
Are you holding your breath
Are you ready or not

Are you ready maybe
Do you long to confess
Do you feel that you're already numb
Are you sure of yourself
Would you lie if you're not

You tire me out
Don't wanna let that happen
A secret scream so loud
Why did you let that happen

Ooh ooh so put your arms around me
You let me believe that you are someone else
Ooh ooh cause only time can take you
So let me believe
That I am someone else

Maybe, are you ready to break
Do you think that I push you too far
Would you open yourself
Are you reckless or not

You tire me out
Don't wanna let that happen
A secret scream so loud
Why did you let that happen

Ooh ooh so put your arms around me
You let me believe that you are someone else
Ooh ooh cause only time can take you
So let me believe
That I am someone else
That I am someone else
