

I don t wanna - 1/2

Interprété par Aaliyah.

Chorus:

I don't wanna be, (be without cha, be without cha)
I don't wanna live, (live without cha, live without cha)
I don't wanna go, (go without cha, go without cha)
I don't wanna be alone

Verse 1:

When we hooked up
We sat down
Made an agreement
We vowed that
That we'd always
Be together
Through whatever
We said that
no one would ever
get between us
So love would
never ever leave us
That was a while ago...

But now lately
It feels like
I mean I feel like
All we do is fight
Every single night
Can't we make it tight
Can't we get it right
I just wanna go back
Take it way back
All the way back
Can we start again?
Do it over?
Can we straighten it out?
Can we work it out?
'Cause I don't wanna be...

Chorus:

I don't wanna be, (be without cha, be without cha)
I don't wanna live, (live without cha, live without cha)
I don't wanna go, (go without cha, go without cha)
I don't wanna be alone

Verse 2:

Do you realize...
I can't sleep without you

I don t wanna - 2/2

Think without you
Eat without you
Speak without you
Be without you
I can't even breathe without you (uhhh)
I can't feel without you
Deal without you
Spend without you
My whole world is upside down
Don't wanna go out
'Cause I can't ride without you
Feel like I'm gon' die without you
What is a girl supposed to do?
When I spend my last dime to be in your life
I don't wanna be without you...

Chorus:

I don't wanna be, (be without cha, be without cha)
I don't wanna live, (live without cha, live without cha)
I don't wanna go, (go without cha, go without cha)
I don't wanna be alone

Bridge:

How can this be?
That it's not working out (that's it's not working out)
We vowed to be (we vowed to be)
Always together
It's hurting me (hurting me)
That we don't talk no more
It wasn't supposed to be this way
Where did we go wrong?
We both made mistakes
We gotta carry on

Chorus:

I don't wanna be, (be without cha, be without cha)
I don't wanna live, (live without cha, live without cha)
I don't wanna go, (go without cha, go without cha)
I don't wanna be alone
