

Truth - 1/2

Interprété par Janet Jackson.

CD All for you

How did I get here
Think I know what I did
Always worked real hard
Maybe I missed somethin'
I'm not into pointing fingers
Showin' who's right or wrong
I just wanna keep it real
'Cause maybe I was doin' fine on my own Listen…
I had a career before now didn't I
I had lots of friends before now didn't I
And I had my fans before now didn't I
And I had my family before now didn't I Guess without you
My little life was nothin'
But don't sweat it
Let's say we disagree so
Arguing ain't necessary 'cause
We both have our whole lives left to live
We're both consumed with jealousy
But the truth can set you free Don't act like you don't know the
truth
'Cause deep down in your heart you do
Let it go
Ooh child
Things are gonna get easier
Ooh child things will be bright 'cause
Truth will set you free Conversations deep
When you talk to yourself
There's no way to cheat
'Cause you know you can't be no one else
Won't trip out on disappointment
'Cause failure is just not me
Still I gotta do my job
'Cause you know my show can't go on without me Listen…
I had a career before now didn't I
Sold out 'round the world before now didn't I
I had a few hits before now didn't I
And danced until my feel were sore now didn't I Guess without you
My little life was nothin'
But don't sweat it
Let's say we disagree so
Arguing ain't necessary 'cause
We both have our whole lives left to live
We're both consumed with jealousy
But the truth can set you free It's hard to believe
The love between us is over
It's sad to think we couldn't work it out

Truth - 2/2

But how much is enough to pay for this mistake
Hope your love was sincere
Don't act like you don't know the truth
'Cause deep down in your heart you do
Let it go
Ooh child
Things are gonna get easier
Ooh child things will be bright 'cause
Truth will set you free
Don't act like you don't know the truth
'Cause deep down in your heart you do
Let it go
Ooh child
Things are gonna get easier
Ooh child things will be bright 'cause
Truth will set you free
Do you know the truth
Feel it
Live it
Do you know the truth
Trust it
Believe it
Do you know the truth
You want it
And need it
Do you know the truth
To find it
Embrace it
And never let it go
