

Good girls - 1/2

Interprété par Joe.

CD All that I am
Babygirl, alright
I gotta find me a girl
Whoa ohhhhh...
Alright now VERSE 1 :
Sunshine
From the first time that we met
Helpless
You took my heart I must confess
Deep in your eyes
There seemed to be a look that said
Hello, is it me you're searching for Suddenly my sunshine
turn to rain
I dunno if it'll ever come back again
That's what you are sunshine and rain
You didn't say you had a man
That never belonged within your plans
And it hurts so bad
Someone tell me CHORUS :
Why are all the good girls, taken everytime
And why do I keep falling for
Someone else's dime
Everytime I says Hello
Then they say Goodbye
So why are all you good girls
Taken everytime....
Taken everytime... VERSE 2 :
Dancing
With your body close to mine
Then you kiss my lips girl
Girl I thought it was a sign
I want you forever
But good intentions never win
I've got that feeling
Tonight I'll be alone again
Suddenly my sunshine turned to rain
I dunno if it'll ever come back again
That's what you are sunshine and rain
You didn't say you had a man
That never belonged within your plans
And it hurts so bad
Someone tell me CHORUS
Why are all the good girls, taken everytime
And why do I keep falling for
Someone else's dime
Everytime I says Hello
Then they say Goodbye
