

Killing time - 1/1

Interprété par Dolly.

CD Dolly

One more life

To see

My beautiful sky

Before she comes

Crashing down on you

What would you give

For one more life

Just to live

If you had the chance

To start again at zero

Would you be the same

And could you resist the temptation

Or would you

Live it as bad as you can

One more life

Just to see

This beautiful sky

Is what you need, but she'll come

Crashing down on you

What could you give

For one more life

Just to live, but you say...

Living day by day

Who cares about tomorrow

Life is too short to pray

Relax now, it's only emotion

Keep cool now,

'cos when it is time to go, you'll know

Killing time

These walls are closing in on you

Killing time...
