

Breathing - 1/2

Interprété par Lifehouse.

Im finding my way back to sanity
Working
Though I don't really know what I'm gonna do
Whe I get there
I take a breath and hold on tight
Spin around one more time
Then gracefully fall back the arms of grace

Cause I am hanging on every word you say
And even if you don't want to speak tonight
Thats alright, alright with me
Cause I want nothing more than
Sitting outside of this door
And listen to you breathing
It's where I want to be
Where I want to be

Im looking past the shadows in my mind
Into the truth and I'm trying to identify
The voices in my head I got
Wishing for you

Let me figure one more time
What it feels like to feel and
Break these calluses off me one more time

Cause I am hanging on every word you say
Even if you dont want to speak tonight
Thats alright, alright with me
Cause I want nothing more than to sit outside of this door
And listen to you breathing
It's where I want to be

I dont want nothing from you
I bet your tired of me waiting for the
Scraps to fall off your table to the ground
Cause I just want to be here now

Cause I am hanging on every word you say
Even if you don't want to speak tonight
Thats alright, alright with me
Cause I want nothing more than to sit outside of this door
And listen to you breathing
It's where I want to be

Cause I am hanging on every word you say
Even if you don't want to speak tonight

Breathing - 2/2

Thats alright, alright with me
Cause I want nothing more than to sit outside of this door
And listen to you breathing
It's where I want to be

Where I want to be
Where I want to be
