CD Supernatural

I tried to run away,  
Somehow I couldn't to stay  
You reached to hold my hand,  
You led me to the promised land.  
There we were all alone, there were  
No telephones. We only had each  
Other's eyes. And I feel now,  
There were the best days  
Of my life, hey yeah, yeah!  
Where did you find this place?  
Had we arrived in space?  
Here we are Kings and Queens.  
You know exactly what I mean.  
Now we are all alone  
There are no danger zones  
We only have each other's smiles  
And I feel now  
They were the best days of my life  
Hey yeah, yeah! Yes, I feel now,  
They were the best days of my life.  
The astonishment, written on my face,  
As a beauty, it has me dazed.  
Of the scenery, I was so impressed,  
By the way the paradises was so neatly dressed  
Hey yeah, yeah!  
I tried to disappear,  
From all my aches and fears  
But now I close my eyes and journey  
To this paradise  
So beautiful, simply wonderful  
I sit down and take my time  
'Cos I feel now,  
they were the best days  
of i'm convinced now  
they were the best days of my life  
Best days x3  
They were the best days, best days  
Best days, they were the best days,  
Best days, best days, they  
They were the best days
