

Wishing well - 1/2

Interprété par Anastacia.

CD Not that kind

I wish you well

Oh

Yeah

Oh

Yeah

What do you think of me?

And who do you want me to be?

Not gonna let my history

Pull me down and hold me back, ya see

I've learned to live my life

One minute at a time

Sometimes the things you lose

Are exactly what you will find

(Dreams unfold and you cast a spell)

Everybody shines in the wishing well

Yeah yeah yeah

Close your eyes and you will see

Everybody's free in the wishing well

(Yeah yeah yeah yeah)

Wishing well

Why do you try to hide

Behind the truth that your heart denies?

The answer lies so deep inside

Baby spread your wings, it's time to fly

Gotta learn to live your life

One minute at a time

Sometimes the road you choose

Has the highest hills to climb

(Dreams unfold and you cast a spell)

Everybody shines in the wishing well

Yeah yeah yeah

Close your eyes and you will see

Everybody's free in the wishing well

(Yeah yeah yeah yeah)

(Dreams unfold and you cast a spell)

Everybody shines in the wishing well

(Yeah)

Close your eyes and you will see

Everybody's free in the wishing well

(Yeah yeah yeah yeah)
