

Perfect world - 1/1

Interprété par Damien Saez.

One again i fell
The hole growing inside
I'm still running
Running through the grass
One again i dream
I can touch the sky
I keep on running
I keep on running
To the perfect world
Under beautiful skies
In a perfect world
Never will we die
Some days
you just wanna pass away
Some days
You just feel like it's a perfect day
Some days
You just wanna pas away
Some days
You just feel like in your beautiful day
In the perfect world
Under beautiful skies
In a perfect world
Never will we die
Some days
you just wanna pass away
Some days
You just feel like it's a perfect day
Some days
You just wanna pas away
Some days
You just feel like in your beautiful days
In a perfect world.
