## CD CHOCOLATE STARFISH AND THE HOTDOG FLAVOUR WATER

I'm dead from all the loneliness

And this is how I feel

Understanding everything

Has never been my deal

Maybe you have crossed my path

To live inside of me

Or maybe you're the reason

Why i'm losing all my decency

But I believe that you and me

We could be so happy and free

Inside a world of misery

And I believe that you and me we could be so...

Inside of you inside of me cuz

This could be the one

I've been lookin' lookin, lookin'

I've been lookin' for my Mrs. Right

But she don't exist

Chemistry is everything

And we're anything but this

Maybe I have crossed your path

To sweep you off your feet

Or maybe i'm the reason

Why you cry at night before you sleep

But I believe that you and me

Could be so happy and free

Inside a world of misery

And I believe that you and me we could be so...

Inside of you inside of me cuz

This could be the one

What do you think?

We could give it a try

'Cause you never know

Maybe we could be soul mates

But maybe not or maybe so

If you never try then you'll never know

The grass could be greener (could be)

And it'll always be greener on the other side

But you just never know

This could be the one I do believe that

you and me

## The one - 2/2

We could be so happy and free
Inside a world of misery
And I believe that you and me, we could be so...
Inside of you inside of me `cause
This could be the one
Maybe so
Maybe not
Who knows?
