

## Nothing Else Matters - 1/2

**Interprété par Metallica.**

So Close no matter how far  
Couldn't be much more from the heart  
Forever trusting who we are  
And nothing else matters

Never opened myself this way  
Life is ours we live it our way  
All these words I don't just say  
And nothing else matters

Trust I seek and I find in you  
Everyday for us something new  
Open mind for a different view  
And nothing else matters

Never care for what they do  
Never care for what they know  
But I know

So Close no matter how far  
Couldn't be much more from the heart  
Forever trusting who we are  
And nothing else matters

Never care for what they do  
Never care for what they know  
But I know

Never opened myself this way  
Life is ours we live it our way  
All these words I don't just say  
And nothing else matters

Trust I seek and I find in you  
Everyday for us something new  
Open mind for a different view  
And nothing else matters

Never care for what they say  
Never care for game they play  
Never care for what they do  
Never care for what they know  
And I know

So Close no matter how far  
Couldn't be much more from the heart  
Forever trusting who we are
