

Divine Intervention - 1/2

Interprété par Slayer.

Awaken

In a web like hell
How did "I reach this place
Why are they haunting me
I cannot look at God's face

Paralyzing

Brilliant light
Trying to run
Want to scream but cannot speak
I cannot look at God's face

(Lead: King)

Blind my eyes I can't see
What is being done to me
In my mind only pain
All the memories are drained

Victimized

Specimen
Deathless torture
Void with no mercy
Black shroud binds those who see

Violated

Naked before you I stand
Shattered shrine of flesh and bone
God's piercing through my soul

(Lead: King)

(Lead: Hanneman)

Segments of my life
Morbid pieces of reality
Twisted personality
Many faces yet faceless
Familiar things give way to strange
No mercy no reason but pain

Fatal

Subconscious control
Threshold of pain unfolds
Transfixed martyr saving race
Who am I to judge thy grace
