

## Sunrise - 1/1

## Interprété par Simply Red.

As I look into your eyes I see the sunrise The light behind your face helps me realise

Will we sleep and sometimes love until the moon shines Maybe the next time I'll be yours and maybe you'll be mine

I don't know if it's even in your mind at all
It could be me
At this moment in time
Is it in your mind at all
It should be me, it could be me
Forever

Wandering through life will love come home to you And the love you want forever, will they be true to you

Will we sleep and sometimes love until the moon shines Maybe the next time I'll be yours and maybe you'll be mine

I don't know if it's even in your mind at all It could be me At this moment in time Love's indescribable It should be me, it could be me Forever

Easy, ready, willing, over time Where does it stop where do you dare me to draw the line You've got the body now you want my soul Don't even think about it say no go
