Get your gunn - 1/1

Interprété par Marilyn Manson.

GET YOUR GUNN

Goddamn your righteous hand

I eat innocent meat
The housewife I will beat
The prolife I will kill
What you won't do I will
I bash myself to sleep
What you sow I will reap
I scar myself you see
I wish I wasn't me
I am the little stick
You stir me into shit
Goddamn your righteous hand
Goddamn oh, lord x 4

Refrain:
Pseudo-morals work real well
On the talk shows for the weak
But your selective judgements
And goodguy badges
Don't mean a fuck to me

I throw a little fit
I slit my teenage wrist
The most that I can learn
Is in records that you burn
Get your gunn x 4

Refrain

I am the vhs
Record me with your fist
You want me to save the world
I'm just a little girl

Refrain

Get your gunn x 4
...get

(non il n y a pas a chaque fois une faute d orthographe a gunn... gunn vient de Richard Gunn tueur en série...)
