

Arizona rain - 1/1

Interprété par 3 Of Hearts.

My Heart is like a desert
Gone too long without a rain
And your love is like the water
That makes the river run again
I'm burning like the Tuscan sand
Broken as a parched dry ground
I need to feel you, raining down

I want to feel your love like the Arizona Rain
Pouring down like a hurricane
I want to drown my soul and wash away the pain
In the Arizona Rain

Oh, it feels like forever, since
Last time I looked into your eyes
And I need to be reminded
And I need to be revived
So love me like a long lost friend
Caress me like the desert wind
And make a parched heart, bloom again

I want to feel your love like the Arizona Rain
Pouring down like a hurricane
I want to drown my soul and wash away the pain
In the Arizona Rain
(Repeat 1x)

I need to feel you
In the Arizona Rain

I want to feel your love
In the Arizona Rain

I want to feel your love like the Arizona Rain
Pouring down like a hurricane (I wanna feel your love)
I want to drown my soul and wash away the pain
In the Arizona Rain

I want to feel your love like the Arizona Rain
Pouring down like a hurricane
I want to drown my soul and wash away the pain
In the Arizona Rain

I want to feel your love like the Arizona Rain
Pouring down like a hurricane...
