

Spin around - 1/1

Interprété par Josie And The Pussycats.

La la la
La la la la
La la la la
La la la yeah yeah

Spin around come back home you're runnin' out on a line
Sometimes feel I'm going outta my mind
Stunned here waitin' for anyone to take the time
Spin around we get further and further away
Smile and wave ain't got nothin' to say
Stunned here waitin' for anyone to take the time
To change my mind this time

Refrain:

I've been starin' at the sun for some time
It gets dark inside but I don't mind
And if you're gone it's like I'm going blind
I can't get by this time

Spin around jump back take another look at yourself
You've been hidin' all alone on a shelf
Frozen waitin' for anyone who'll change my mind
Spin around well come down now cause it's all getting clear
Everything you ever wanted is here
We never needed anyone to change our mind
Don't waste our time
We're fine

Refrain:

I've been starin' at the sun for some time
It gets dark inside but I don't mind
And if you're gone it's like I'm goin' blind
I can't get by this time

La la la
La la la la
La la la la
La la la yeah yeah

Spin around and around and around and around
I never wanna come back down
'Cause everything that I lost I found
Yeah
Spin around and around yeah
Yeah yeah yeah yeah yeah yeah
