

## Weekend - 1/1

**Interprété par Scooter.**

this one's going out to everybody in the place  
sounds of the track-attacker  
go ahead!  
yes!  
here comes the chicks terminator  
in control  
'pon the mic I'm the teacher  
spread my words like a preacher  
cut the crap, get a slap  
drum and bass still on the map  
'pon the mic you can't stop me  
flat on ya back like 1, 2, 3  
yeah, here we come!

chorus:  
love in a wonan's heart  
I wanna have the whole and not a part.  
strange that this feeling grows more and more  
'cause I never loved someone like you before.

alright crew, it's weekend!  
yes, we are not the monkeys  
but we've got the keys  
I'am the fast chatter  
no one better than me  
yeah  
'pon the mic I'm the teacher  
spread my words like a preacher  
cut the crap, get a slap  
drum and bass still on the map  
'pon the mic I'm the voodoo  
the destination is zulu  
here we come! here we go!

chorus:  
what is essential is invisible to the eye  
It's only with the heart that you can see rightly  
yeah

chorus:  
respect to the men in the icecream van  
over and out
