Chorus:

If ya gettin' down baby  
I want it now baby  
Come and get it on baby

To refresh your mind  
Coz the boyz are back in town, with a different kinda funk.  
Who's gots da funk?  
We gots da funk - right!  
Everybody wanna boogie down tonight.

Now throw your hands up in the sky  
Move 'em from side to side.  
I got what it takes  
The beats that brace the funky bass I'll give your body  
crazy shakes (come on)

Bridge: I heard somebody say (what?)

She's at the party so (huh)  
I'm gonna get me some (uhhhhhhhhhhhhhh).

Chorus

Open up the door, I got the keys  
to your city You're lookin' kinda pretty  
Dance till you drop and it don't

## If ya gettin' down - 2/2

stop until it goes pop.

Dance how you wanna dance  
Let's all get down while we got da chance.  
I've still got 12 seconds on the clock, that's mine  
And I ain't gonna stop till the sun don't shine.  
Line after line  
I flow like rhyme after rhyme  
Just like time after time.

Keep it up till you feel the heat  
And get down once you hear the beat (uhhhhhhhhhhhhhhh)

Chorus

There ain't no problem that we can't fix  
Cos we can do it in the mix  
Now if your man gives you trouble  
We'll be there on the double  
Guaranteed we'll be hittin' for six (come on)

I heard somebody say (what?)  
She's at the party so (huh)  
I'm gonna get me some (uhhhhhhhhhhhhhhh)

Chorus (Repeat until end)
