I don't know what the fuck to call it
But no beef
Whattup X?

I float like big spirit in this bitch I'm ghostly Rush me, cause you ain't gonna live to roast me I'd have my motherfuckin ass kicked by Moby if I let some bitch in the Can like 'Bis cop over me to do war, and try to bring my crew back down I'll never stoop, to that level, to do that now I got a new cat, this time I'm pullin two gats out With bullets, I finally got somethin to shoot at now

# {Xzibit}

Let's see who got they city on lock
Let's see who got the better aim with the glock
Let's see who come out on top
Let's see who REALLY want they name in the streets
Let's see who wanna die the same time as me
and make ends meet
Now was I, blessed with a gift, or cursed with a curse?
I follow, hearse after hearse, with verse after verse
And I'll be damned if I let Billy dance Dupri
Or anybody swing an axe at my family tree, so now

### {Chorus: Nate Dogg}

I love it when you niggaz be talkin, sayin my name
Seems like your mouth is not connected to your brain
Two-zero-zero-three, and shit, it ain't the same
Better have a strap my nigga, simple and plain
Put your nuts on the table, my nigga let's play the game
Heard you so long, you be up to get the pain
I don't wanna hear what you meant, do not explain
Right before you lay in your coffin, hoe say my name

#### {Xzibit}

(Doubt me) You don't know shit about me There'd be no West coast without me Cut with the bullshit (Bullshit) I struggle for survival And now you tryin to act like my rival? Watch what you say partner, it's a small earth Don't play games with your life nigga, it's not worth all the pain (all the pain) all the agony (all the agony)

# Xzibit feat eminem,nate dog - 2/2

All the horror (all the horrow) all the tragedy (all the tragedy)
Put your hands up people, it's time to fight now
