

## Dreamlike state - 1/2

**Interprété par Erasure.**

I can see clearly now  
As the crazy haste of night turns to morning  
I lie in a dreamlike state  
And wonder if the fear will go away  
I know that you're here  
In this space that surrounds me  
And you make me feel  
Like a kid in a movie  
I know that you love me

Like the sound of the sea  
Rushing to shore  
The air that I breathe  
Fills me with your love

I've wasted a thousand nights  
For comfort in the arms of a stranger  
I thought it would lead me  
On to bigger, brighter things  
But you know that I'm wrong  
It doesn't exist  
And you make me feel  
Like a kid in a movie  
I know that you love me

Like the sound of the sea  
Rushing to shore  
The air that I breathe  
Fills me with your love

Like the clouds in the sky  
The rain falling down  
Washes my feet  
Pulls me to the ground

I'm begging you please  
Never to leave me  
I know you believe  
In the things I've said and done

Like the sound of the sea  
Rushing to shore  
The air that I breathe  
Fills me with your love

Like the clouds in the sky  
The rain falling down

## Dreamlike state - 2/2

Washes my feet  
Pulls me to the ground

I'm begging you please  
Never to leave me  
I know you believe  
In the things I've said and done
