

Sono luminus - 1/3

Interprété par Erasure.

I never thought that I would reach you
Though I've been searching for oh so many years
This place I am seems unfamiliar
But there's a light to break through all my fears

Still, time and time again
I'm looking for the love
The one that can inspire

Lift me higher
High as heaven can be
Sono luminus
Love is here
Where it always will be
Deep inside of us

I'm looking out into the distance
The sound of thunder is rolling in my head
The sky is stretching out before me
Thanks for today, everything is blessed

So here we go again
Searching for the truth
Until the twelfth of never

Lift me higher [Higher]
High as heaven can be
Sono luminus
[Love can move a mountain]
[Yes there's nothing that it can't do]
Love is here
Where it always will be
Deep inside of us
[Love will fill the darkness when you're gone]

Lift me higher [Higher] [Love can move a mountain]
High as heaven can be [Yes there's nothing that it can't do]
Sono luminus
[Love can move a mountain]
[Yes there's nothing that it can't do]
Love is here [Love will fill the darkness when you're gone]
Where it always will be
Deep inside of us
[Love will fill the darkness when you're gone]
Lift me higher [Higher] [Love can move a mountain]
High as heaven can be [Yes there's nothing that it can't do]
Sono luminus [Love will fill the darkness when you're gone]
