

This celluloid dream - 1/2

Interprété par A.f.i.

alling tears from deep inside oh you're so exquisite
And in the mirror all midnight eyes
Oh, If I could remain, but it's just a visit
All midnight eyes read "vacancy"
Twisted, twisting

To the lovely dancing lights
I begged, "may I cut in?"
But they never stopped
Playing "thier song"
Of a joyous song they sing
I've heard whispers
On a freezing note, I resonate

Just like romantic verses, just like a joyous end
Just like a memory it twists me
Just like romantic verses just like a joyous end

twist, twisting me

You land as lightly as the new snow
Cinematic
Onto the melting boy
and melt away
You light as gently you're so
Cinematic
BATHED IN YOUR RADIANCE I MELT oh

In the glitter, in the dark
sunk into velvet
praying this will never end
In the shadow of a star
in static pallor
I realized i never began

Just like romantic verses, just like a joyous end
Just like a memory it twists me
Just like romantic verses just like a joyous end

twist, twisting me

You land as lightly as the new snow
Cinematic
Onto the melting boy
and melt away
You light as gently you're so
Cinematic

BATHED IN YOUR RADIANCE I MELT

All the colors upon leaving i will turn to grey
All the colors upon leaving i will turn to grey

(All grey)

(all grey)

upon leaving

(all grey)

I will turn to grey

(all grey)

all the colors

(all grey)

upon leaving

(all grey)

i will turn to grey...grey

twisting me

You land as lightly as the new snow

Cinematic

Onto the melting boy

and melt away

You light as gently you're so

Cinematic

BATHED IN YOUR RADIANCE

You land as lightly as the new snow

Cinematic

You land as gently as the new snow

And melt away

You land as gently as the new snow
